20a. How does the Committee accomplish its purpose?

The Board, under the provisions of 50 U.S.C. §1903, performs the following functions:1. Develop criteria for awarding scholarships, fellowships, and grants under this title, including an order of priority in such awards that favors individuals expressing an interest in national security issues or pursuing a career in a national security position.2. Provide for wide dissemination of information regarding the activities assisted under this title.3. Establish qualifications for students desiring scholarships or fellowships, and institutions of higher education desiring grants, under this title, including, in the case of students desiring a scholarship or fellowship, a requirement that the student have a demonstrated commitment to the study of the discipline for which the scholarship or fellowship is to be awarded.4. After taking into account the annual analyses of trends in language, international, area, and counterproliferation studies under section 806(b)(1), make recommendations to the Secretary regarding – i. Which countries are not emphasized in other United States study abroad programs, such as countries in which few United States students are studying and countries which are of importance to the national security interests of the United States, and are, therefore, critical countries for the purposes of section 802(a)(1)(A)ii. Which areas within the disciplines described in section 802(a)(1)(B) relating to the national security interests of the United States are areas of study in which United States student are deficient in learning and are, therefore, critical areas within those disciplines for the purposes of that section;iii. Which areas within the disciplines described in section 802(a)(1)(C) are areas in which United States students, educators, and Government employees are deficient in learning and in which insubstantial numbers of United States institutions of higher education provide training and are, therefore, critical areas within those disciplines for the purposes of that section;iv. How students desiring scholarships or fellowships can be encouraged to work for an agency or office of the Federal Government involved in national security affairs or national security policy upon completion of their education; andv. Which foreign languages are critical to the national security interests of the United States for purposes of section 802(a)(1)(D) (relating to grants for the National Flagship Language Initiative).5. Encourage applications for fellowships under this title from graduate students having an educational background in any academic discipline, particularly in the areas of science or technology.6. Provide the Secretary biennially with a list of scholarship recipients of fellowship recipients, including an assessment of their foreign area and language skills, who are available to work in a national security position.7. Not later than 30 days after a scholarship or fellowship recipient completes the study or education for which assistance was provided under the

program, provide the Secretary with a report fully describing the foreign area and language skills obtained by the recipient as a result of assistance.8. Review the administration of the program required under this title.

20b. How does the Committee balance its membership?

The Board, under the provisions of 50 U.S.C. §1903, amended most recently in the National Defense Authorization Act for Fiscal Year 2013, shall be composed of the following individuals or the representatives of such individuals:1. The Secretary of Defense, who shall serve as the chairman of the Board.2. The Secretary of Education.3. The Secretary of State.4. The Secretary of Commerce.5. The Director of National Intelligence.6. The Secretary of Energy.7. The Secretary of Homeland Security.8. The Chairperson of the National Endowment for the Humanities.8. Six individuals appointed by the President who shall be experts in the fields of international, language, area, and counterproliferation studies education and who may not be officers or employees of the Federal Government. The Defense Language and National Security Education Office (DLNSEO) and the National Security Education Program (NSEP) rely on this statute to identify all 14 Board members. Federal members represent a broad spectrum of Federal agencies with significant national security responsibilities. Federal members are senior-level decision makers within such agencies. Presidentially-appointed members represent a broad constituency of members from higher education, non-profit and industry, all of whom are well-versed in the fields of international language, area, and counterproliferation studies education and none of whom are officers or employees of the Federal Government. The Board's composition ensures that DLNSEO/NSEP remain focused on efforts that serve the expansive national security interests of the United States. DLNSEO/NSEP is a Department of Defense component, yet it has many additional federal beneficiaries who are represented on the Board. The Board helps build consensus that meets broad national needs, rather than the needs of a single agency. As established, the Board allows for cross-governmental and cross-sector interests to be represented.

20c. How frequent and relevant are the Committee Meetings?

The National Security Education Board meets 2-3 times annually to advise the Secretary of Defense on matters affecting DLNSEO/NSEP. The meetings represent a valuable source of thought and recommendations that enhance the success and effectiveness of DLNSEO/NSEP.Individual Board members represent valuable conduits for widely disseminating information about program activities throughout the federal government and higher education; thus, annual meetings are critical.

20d. Why can't the advice or information this committee provides be obtained

elsewhere?

Federal statute (50 U.S.C. § 1903) requires the Secretary of Defense to establish the committee.

20e. Why is it necessary to close and/or partially closed committee meetings?

Meetings are not closed to the public unless the Department of Defense determines that items on the planned agenda meet the closed meeting provisions of 5 U.S.C. § 552b(c). Pursuant to DoD policy closed meetings can only be authorized by the DoD Sponsor (i.e., the Under Secretary of Defense for Personnel and Readiness), and only after consultation with the Office of the Department of Defense General Counsel.

21. Remarks

The National Security Education Board provides valuable recommendations to the Secretary on the conduct of this unique program. The Board should remain, as constituted. The committee does not issue any specific report; their recommendations are contained within meeting minutes, which are provided to the decision maker. Department of Defense (DoD) policy between fiscal year 2007 and 2011 required that subcommittee members be listed separately in the subcommittee section of GSA's Database, even if they were duly appointed members of the parent committee. This policy, in some instances, caused a duplication of entries. Beginning in fiscal year 2012, DoD will only list in the subcommittee section of GSA's Database those who are appointed to just a subcommittee. If an individual is appointed to the parent committee and to one of the committee's authorized subcommittees then his or her subcommittee affiliation will be reflected in the parent committee membership section of GSA's Database. In FY2017, the Board met twice: June 2017 and September 2017. It came to consensus at these meetings on a number of topics, including expanding the list of eligible departments and agencies at which Boren Scholars and Fellows can complete national security work (National Aeronautics and Space Administration - Office of International and Interagency Relations and Office of Personnel Management - National Backgrounds Investigations Bureau), broadening outreach and diversity efforts, expanding upon NSEP State Roadmaps efforts, and outlining a strategic plan to re-compete Language Flagship grants.

Cost Savings Comments

The costs associated with the functioning of the Board are minimal. A majority of members are local and meetings are held in conjunction with other NSEP events, maximizing cross-fertilization of efforts and minimizing cost. Few alternatives exist to derive greater value, cost consciousness, and return on investment into the structure of the Board.
